WEEK OF CLIMATE RAGE

September 25 to 29

WEEK OF CLIMATE RAGE

September 25 to 29

CLIMATE RAGE

Climate Rage (Rage Climatique) is an organization that invites us to go beyond the environmentalism of big companies, who offer us cardboard straws to prevent us from rethinking the social structures that produced the problem in the first place. We are faced with a socio-economic system that **destroys ecosystems** and **exploits people**. The capitalist society in which we live offers no solutions for the living. Yet the state and private companies are prepared to go to any length to protect this death machine. Faced with this reality, it's our duty to **channel our collective rage** and let it emerge as a fighting force capable of building new worlds.

WEEK OF ACTION

This Week of Climate Rage will be an opportunity to promote **anti-oppression, anti-capitalist environmentalism through workshops, demonstrations and other disruptive actions**. Climate Rage invites all groups and individuals to organize disruptive actions that directly confront capitalists as well as the state and its repressive machine. This call to action is accompanied by a call for a **student strike** that will take place during this week, culminating in a teach-in and two major demonstrations.

This call to action is accompanied by a call for a **student strike** that will take place during this week, culminating in a teach-in and two major demonstrations.

STRIKE

Since 2019, the month of September has been synonymous with climate justice strikes. In the spirit of escalating pressure tactics, Climate Rage is inviting **student associations, community groups and unions** to go on strike **from September 25 to 29**, with an emphasis on the 28-29th.

IMPORTANT DATES

- Newspaper launch on **September 15, 7pm, at Bar-COOP Milton Parc, 3714 av. du Parc**
- Art night and fundraiser in support of Nehirowisiw struggles on **September 25 from 5:30 to 8:30 pm at l'Achoppe, 1800 Létourneux**
- Farmer's market for Rage climatique on **September 26 from 12pm to 2pm at the CRAPAUD collective gardens** behind Pavillon PK on UQAM's science campus.
